Celebrating 20 years of the Walk from Obesity!

- Over 737 awareness events held nationally
- Funds raised have supported \$2 Million in grants

OUR MISSION

The Walk from Obesity is an awareness and fundraising program of TREO Foundation, a 501 (c)(3) non-profit organization. The mission of TREO Foundation supports Treatment, Research, and Education to end Obesity by:

- Raising funds that directly support critical research and education about obesity, severe obesity, and surgical treatment of obesity.
- Increasing scientific and public awareness and understanding of obesity as a disease. The treatment of obesity can prevent, improve, or resolve many metabolic diseases including type 2 diabetes and prevent others such as cancer and heart disease.
- Improving access to quality treatment for Americans with obesity by eliminating policy, societal, economic, and medical barriers that deny people appropriate care and support.

WHY WE "WALK FROM OBESITY"

- Over 100 Million individuals are affected by the disease of obesity in the United States.
- Obesity can decrease an individual's life expectancy by 7-14 years.
- Obesity increases the risk of life threatening conditions such as Diabetes, Heart Disease, Stroke, Sleep Apnea, some Cancers, complications from COVID-19, and more!

The TREO Foundation's Walk from Obesity is the only national walkathon event that brings attention to the disease of obesity and the medical options for treatment. The Walk from Obesity is a peer-to-peer fundraiser that incorporates a "set your own pace" non-competitive walk or run during the event. Other activities may include exercise warm-ups, food prep demonstrations, guest speakers, and information from local companies specializing in obesity treatments and care.

Whether you are struggling with obesity, are already undergoing treatment, know someone affected, or are simply interested in supporting an important cause, we welcome you to join us as we take steps to "Walk from Obesity!"
